

# TV Trends and Literacy Rates

Catalina Ontiveros Final Project

## Does What Children Watch Shape How Well They Read?

- How have national 4th- and 8th-grade reading scores changed over time?
- How Do Educational vs. Non-Educational Shows Compare?
- Is there a relationship between the proportion of educational children's shows running in a given year and national literacy rates?

## Data Used

National Report Card (NAEP) Data Explorer - 4th grade reading proficiency and 8th grade average reading examination scores

IMDB top television shows through the years, courtesy of Claude.ai

# Learned Visualization - Bubble Graphs

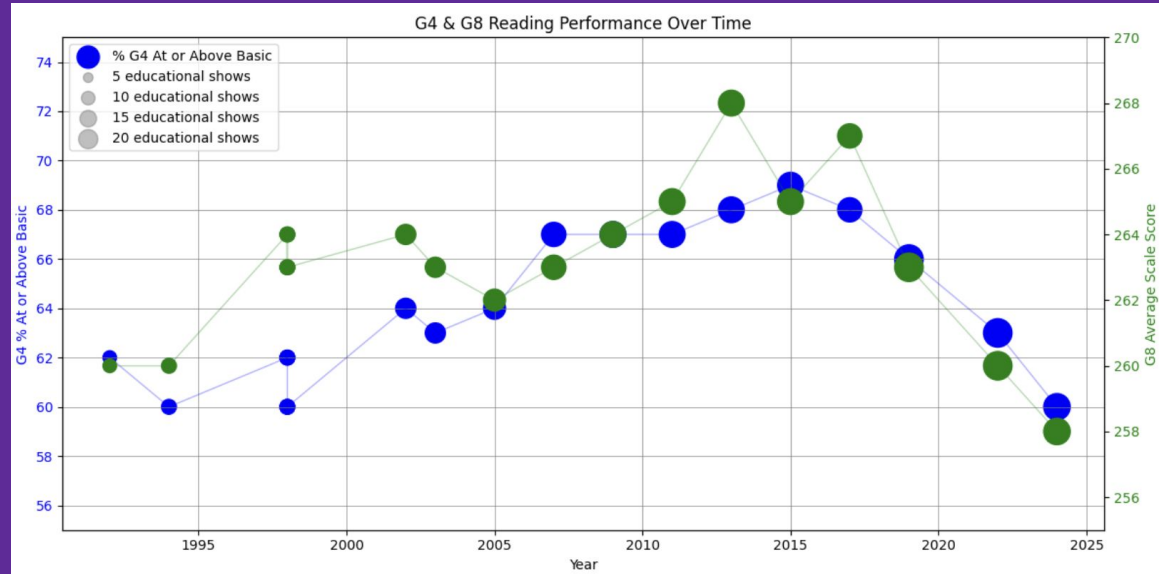

Merged all important data together

Y-axes are the respective grade literacy scores

X-axis is time

Magnitude of data points is the amount of educational shows available that year

Correlation is not positive, but we can't yet call it negative
